BACK-TO-SCHOOL Info Session Series

Optimizing EdReady for a New Semester

Thanks for joining us! We will begin promptly at 2:00 p.m. ET.

- Use the "questions" area to submit questions as they arise.
- This webinar will be archived at NROCnetwork.org, and you will receive a follow-up email with a link to the recording and slides.
- Contribute to the Twitter conversation at #NROCpd.
- Do you need help with GoToWebinar? Email memberservices@NROC.org.
NROC partners with educators to create open and low-cost courses and tools that are designed to recognize every student’s unique learning needs and preferences.

These resources can be adapted and scaled to meet programmatic goals in a variety of instructional settings.
WHAT WE OFFER

NROC COURSES

NROC MATH
- Algebra 1
- Developmental Math

NROC ENGLISH
- Developmental English

WEB-BASED TOOLS

EdReady
a readiness system (to personalize a learner’s study path)

Hippo Campus
a curated repository of learning objects

NROC courses can be installed in a Learning Management System (LMS)
...
or can be accessed through our web-based tools
Why Make Changes?
Why Make Changes?

Refreshing your site as semesters change is a great way to ensure longevity of your data and ease of use for your teachers. We will cover:

**Scopes**
- These will be updated less frequently, but there are cases where changes need to be made

**Goals**
- This is where the bulk of your work will come from. Refreshing goals ensure that data is current and teachers can view their current students separately

**Admin Users**
- Admin users need new goals assigned to them every semester so they can isolate their current students and their needs.
Refreshing Scopes
Refreshing your scopes may not be necessary, but below are some of the reasons you may need to do this:

**Target Score**
- Changing your target score can only be done on a scope that has no student activity or a newly created scope

**Scope of Expectations**
- Just as a target score can’t be changed, any changes you wish to make to your scope of expectations needs to be made on a new scope
Refreshing Goals
Refreshing Goals

Some of the reasons to create new goals every semester are:

**Reporting**
- Allows for granular reporting in the future and linear reporting on the same scope.

**Site Management**
- As time goes on, making sure you create new goals ensures that reading the reports will be easy for any new user.
  - Naming conventions for scopes and goals is a great way to keep things organized in your EdReady site.
  - We have created a document to help you get started on implementing an EdReady naming convention system [HERE](#).
Updating Admins
Updating Admins

New Teachers
- New users can’t create their own teacher/admin accounts
- Ensures new users get access to data

Permissions
- With changing roles within your institution, it may be necessary to reevaluate what each user has the ability to do within EdReady

Goal Assignments
- Renewing goals each semester will also require you to add those goals to the teacher/admin accounts
Site Clean Up
Site Clean Up

Archiving
- Clicking the archive button will allow you to remove goals, data, and users from your view.NOTE: This will not delete the users or data

Messaging
- Changing the messaging from semester to semester may create more clarity for your users

Archiving vs. Excluding from Reports
QUESTIONS?
